Call your local sales rep or J&M Golf at
(800) 346-7788 for more detailed information or to place an order!

J&M Golf provides free use of display and hooks for as long as you utilize this program. J&M Golf reserves the right to take the rack back if it is not being used

Assortment 4

COOLERS

ORCA Coolers are proudly **MADE IN THE USA**. The **ORCA** roto-molded process and Integrated insulation means maximum ice/cold retention and freshness of your stowed items for up to 10 days. Which means you can go ahead and play that additional round without checking your **ORCA** cooler. The lid gasket has a perfect seal and every cooler has an easy-flow drainage spout.

You can now feature your golf course's full-color logo on the lid of most **ORCA** coolers. These are great for golf scrambles, outings or anytime you need to keep things cold. Refer to the swatches below for color options.

MATTE

CUSTOMIZE

Personalized for your course, **ORCA** drinkware is available in four different options. You can choose from the **ORCA** Chaser 27 oz, or the **ORCA** Hydra in 22 oz, 34 oz or 66 oz sizes. Our double walled, copper clad and vacuum sealed products are made of high quality stainless steel to provide the best

possible cold and heat retention. Our drinkware lids are made of shatter-proof Eastman Tritan™ copolymer to ensure your drinkware is leak free while on the go. Personalize your drinkware with stainless etched, stainless full color, powder coated etched, or powder coated full color.

Stainless Etched

Your golf course logo will stand out on the **ORCA** drinkware with laser etching. This process will allow your logo to stand the test of time as it is cut into the stainless steel material.

27 oz
CHASER

Stainless Full Color

You can show your full-color logo with this printing option. Your golf course will be featured in high definition on any **ORCA** drinkware products.

22 oz
HYDRA

Powder Coated Etched

The powder coated **ORCA** drinkware line can be etched with your logo. This is a great feature for a one color logo.

34 oz
HYDRA

Powder Coated Full Color

If you prefer a powder coated **ORCA** product line but have a full-color logo, this option is now available. Your golf course colors can all be featured with this option.

66 oz

GREENKEEPERPRO

PROFESSIONAL DIVOT/SPOT REPAIR TOOL

The Greenkeeper Pro by Pitchfix is a one of a kind divot and brown spot repair tool. The tool is built around Pitchfix's award winning RepairTec technology and was designed to make your maintenance teams life easier. With just one push down in a ball mark, while retracting, the pins spring mechanism stretch the root and soil structure back in place like the ball mark was never there. Simultaneously the ball marks spot is aerated by the pins allowing for a quicker healing of the affected area.

The Greenkeeper Pro comes as a set with two different heads for dry & firm, as well as for wet & soft conditions. Always have the best repair tool for common circumstances.

- The original performance golf tee
- Launch your drives without resistance or deflection and gain up to 7 additional yards without changing equipment because the bristles create less resistance
- Allows you to tee your ball at a consistent height on flexible synthetic bristles that bend on impact, creating a feel of driving the ball off the air

Long Shot Impact Recorders

Each label is good for a minimum of six to eight shots or as long as you can still identify the last impact mark ... TIP: THE LAST SHOT WILL BE SLIGHTLY LIGHTER IN COLOR FOR A FEW SECONDS. Higher quantity users can drastically lower their cost per label by considering any of the larger bulk packages. Use for practice, teaching or club-fitting. Used labels remove completely leaving no residue.

Protect Your Demo Clubs

Makes every club a demo! Leaves no residue when removed. Protects top, face, and bottom of woods on trial or demo. Virtually invisible. Club face application will not affect ball speed or adversely affect ball spin rate as tested on the Swing Dynamics Launch Monitor. Increase sales with more clubs out on trial. Increased profits by protecting your inventory. Increase the value of demos.

Canadian Retrievers

Made in Canada

Pocket Pal Golf Ball Retriever

84102

- 20" compact length can be stowed in any golf bag
- Extends to 6'7" for a 10 foot over all reach

Dual Sided Retriever

The dual sided head allows for either scooping or trapping the ball depending on the firmness of the golf ball resting spot. The bright colored head helps the golfer to easily maneuver toward the ball, even in murky or unsettled water.

Dual Sided 9' – **11021**

Dual Sided 15' – **11023**

Dual Sided 12' – **11022**

Dual Sided 18' – **11024**

On Course Dual Sided Pocket - **11020**

Trap It Retrievers

Trap-It style retrievers have been an industry standard for decades. The easy to use head style allows the golfer to scoop and secure their golf ball the first time, every time. Made of aluminum, each shaft extension locks into place when fully extended and turned to keep the head stable in the water.

Trap-It 9' – **11012**

Trap-It 15' – **11014**

Trap-It 12' – **11013**

Trap-It 18' – **11015**

On Course Pocket Retriever - **11011**

Golden Retriever

The popular Golden Retriever has been a top seller since 1990. This unique head design facilitates easy extraction from the water or other hazard every time. Extends to 12' in length.

PuttOUT

Pressure Putt Trainer

**Red
POP-21**

- Designed to return good putts and reject bad ones.
- Made from high quality, elastomer and translucent polycarbonate, PuttOUT folds and fits into your golf bag.
- Build repetition into your practice to improve your pace putting and to practice pressure putting.

**Lime
POP-20**

**Mint
POP-14**

**White
POP-23**

- This training aid is designed to simulate the exact conditions of putting into a real hole on the green by it's ground-breaking parabolic curved design
- Each successful putt is returned the same distance it would have gone past the hole if it had missed - great feedback for getting the pace just right.

PuttOUT Putting Mat

**Gray
PUTM-18**

**Blue
PUTM-19**

**Green
PUTM-17**

- Constructed with a durable, heavy-rubber backing to allow the mat to lie smooth and flat on any surface, easily roll the mat away and into the compact carry bag for practice on the go.
- The high quality cut-pile surface is designed to accurately replicate a medium-to-fast green, with a stimpmeter reading of 10.
- Use the instructional markings and 5 included drills to help develop your game and improve your confidence when putting under pressure.

**Mirror System
PUMR**

Mirror System

- The PuttOUT Mirror helps you work on alignment and positioning while putting. With this pack you can setup all of the best putting drills.
- Set the width of the magnetic putter guides on the mirror to check your alignment and address position.
- PuttOUT mirror comes with a stand-alone 2 inch putting gate allowing you to actively work on your strike path and target by having the putter pass through the guide.
- Mirror measures 9.5 x 7.9 x 0.20 inches with durable rubber casing with spikes on underside to keep in place without tees.

PuttOUT

• 8' long x 9" wide

**Puttout Mini
PTMINI-17**

• 12' long x 3' wide

**Puttout Large
PTLRG-17**

AERO-SWING®

RESISTANCE = DISTANCE

Yellow
19050-20

Pink
19050-11

Black
19050-12

Green
19050-17

- Aero-Swing for Golf is a Swing Speed device that provides variable air resistance that decreases swing speed when training, and then ultimately helps increase the true swing speed of a golfer.
- Aero-Swing slips down over the shaft of a golf club and rests above the club head.
- Aero-Swing is the only product that allows a golfer to hit balls while working on their swing speed.
- Aero-Swing is NOT a weight. Although each Aero-Swing weighs 4 oz., the resistance is provided by the design of the patent pending flanges and holes on the device.
- Can be used on any golf club including irons.

CORRECTS FOLLOW
THROUGH POSITION

Swingyde - **66007**

Swingyde is a lightweight golf training tool designed to create the correct swing positions. Swingyde can be used while hitting balls at practice. Swingyde sets the correct hinge position at the top of your backswing.

Swingyde also corrects face alignment throughout your golf swing, which leads to greater distance, better accuracy and most importantly lower scores! Swingyde is suitable for both right and left handed men, women and junior golfers. Swingyde is a very simple yet effective training tool and is constantly used by the best teachers and players on all the main Tours around the world.

Original Bag Shag

- Unmatched quality and durability
- Made in the USA
- Improves practice time and reduces back strain associated with repetitive bending to pick up golf balls
- Holds 75 golf balls
- Guaranteed from defects for 10 years

DRI-TAC 2.0

BEST EVER FEEL,
PERFORMANCE &
DURABILITY

THE NEXT GENERATION DRI-TAC IS HERE

After years of research and development, Winn is excited to introduce the next generation Dri-Tac. With improved feel and durability, the new Dri-Tac 2.0 represents the best of what Winn polymer technology has to offer.

winngrips.com | [@winngrips](https://twitter.com/winngrips) | [#winngrips](https://www.instagram.com/winngrips)

New for 2021

Dri-Tac 2.0

- Responsive feel and durability highlight the next generation of Dri-Tac material and represents the best of what Winn polymer technology has to offer

- Improved tackiness and shock absorbing material promotes a tension free swing

72DT-JBK Jet Black Oversize • .600RD Core • 56g

DRI-TAC : LT

LESS TAPERED PROFILE

Winn's new Dri-Tac LT was designed with a less tapered profile that offers a larger lower hand. This feature offers better control and lighter grip pressure. For golfers suffering from arthritis or hand injuries, the larger lower profile provides easier gripping for less pain and fatigue. Dri-Tac material provides the shock absorption, non-slip comfort and performance found in all Dri-Tac grips.

Dri-Tac LT

- LT (less taper) design offers a larger lower hand diameter for improved control and lighter grip pressure

Dri-Tac

- These **Undersize** grips have a cushioned comfortable feel
- Scientifically engineered tread pattern provides varying amounts of texture at all key pressure points
- Outstanding comfort and tackiness are the hallmarks of this **Standard** size grip

- Providing incredible comfort, these **Midsized** grips offer added shock absorption
- WinnDry Polymer material delivers exceptional non-slip performance in all weather conditions
- With its large profile, these **Oversize** grips provide maximum shock absorption

Dri-Tac Putter

- Dri-Tac Polymer delivers exceptional non-slip performance in any weather condition providing confidence on the putting green

Excel Tour Pistol Putter

- Designed for players who prefer traditional size/shape putter grips
- Well defined edges offer golfers accurate & consistent alignment

Excel NTP Putter

- NTP's unique, pistol, non-tapered shape is designed to promote light and even grip pressure providing added stability during putting stroke
- Winn Excel polymer and staggered textures optimize traction and performance

2020 VSN

Seeing is believing with Winn's New 2020-VSN (Vision) putter grips. The Excel polymer material with a new hexagon pattern, offers unmatched feel and performance, while providing that comfortable tacky feel you've come to expect from Winn. See more putts go in the hole with 2020 Vision! Available in our classic Medallist, Midsize and JumboLite pistol shapes and multiple color options.

Pro X 1.32

- The 1.32" diameter ProX grip weighs 70 grams and feels slightly smaller than a jumbo grip
- Minimally tapered grip profile reduces wrist movement during putting stroke for more consistency on the greens

Pro X 1.60

- At only 98 grams, the extreme oversized design of the 1.60" diameter ProX grip, allows for a more consistent putting stroke
- The paddle style profile eliminates wrist movement during putting stroke
- Tacky Excel polymer and staggered tread pattern creates the ultimate in putting comfort and feel

AVS Excel

- Excel polymer material provides amazing confidence in any putting environment

SINK FIT Polyurethane

- PU Grips are a two piece grip consisting of a lightweight underlisting and a soft, polyurethane outer wrap
- Available in four distinctively unique shapes and sizes to accommodate any gripping style

SINK FIT Rubber

- Skinny pistol version is all rubber with a traditional profile
- Unique contoured shape promotes proper wrist alignment for a more consistent putting stroke

CHANGE YOUR GRIP || CHANGE YOUR GAME

TECH-PORT | ADVANCED PUTTING PERFORMANCE

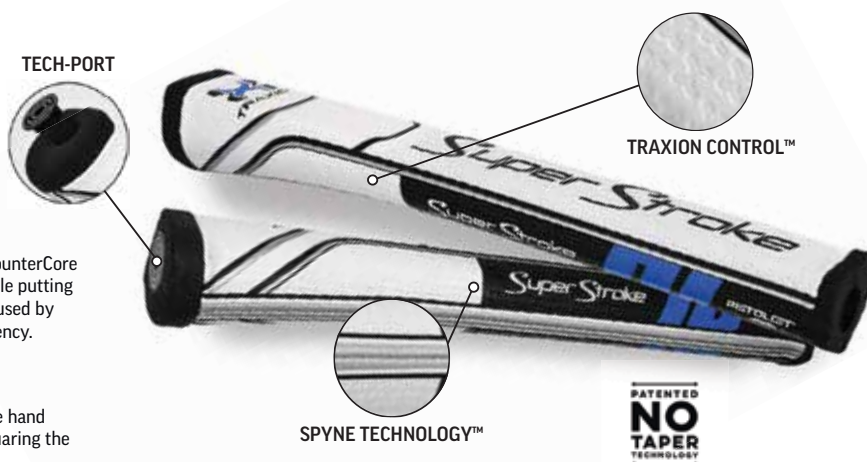

Designed to accept all SuperStroke "Tech-Port" accessories including the CounterCore weight system to engage the larger muscles for a more stable and repeatable putting stroke. Utilizing such muscles helps to reduce putter face angle rotation caused by wrist manipulation while improving putting stroke path for greater consistency.

SPYNE™ TECHNOLOGY | REPEAT HAND POSITIONING

Advanced Spyne™ Technology is specifically engineered to aid in repeatable hand positioning. Repeatable hand placement leads to greater consistency in squaring the putter face at time of impact during the stroke.

TRAXION™ CONTROL | ENHANCED FEEDBACK ZONES

Building on the superior feel and playability of the original SuperStroke putter grip, the new Traxion™ offers an advanced surface texture design for enhanced feedback. The strategically designed Traxion™ zones on the tacky polyurethane outer layer offer an amazing comfortable feel leading to greater overall confidence.

NO TAPER TECHNOLOGY® | EVEN GRIP PRESSURE

Patented No Taper Technology® creates even grip pressure for a more consistent stroke. Parallel design has uniform lower hand profile to minimize grip pressure and maintain putter head path for a more consistent stroke.

Traxion Flatso

• Weight NOT included

- Traxion Flatso utilizes the advanced Tech-Port, Counter-Core weight system
- Tacky polyurethane outer layer offers an amazingly comfortable feel
- Distinct, pentagonal "Flatso" profile has a wide, flat front grip shape with five pronounced edges

TECH-PORT

TRAXION CONTROL™

SPYNE TECHNOLOGY™

PATENTED
NO
TAPER
TECHNOLOGY

TECH-PORT | ADVANCED PUTTING PERFORMANCE

Designed to accept all SuperStroke "Tech-Port" accessories including the CounterCore weight system to engage the larger muscles for a more stable and repeatable putting stroke. Utilizing such muscles helps to reduce putter face angle rotation caused by wrist manipulation while improving putting stroke path for greater consistency.

SPYNE™ TECHNOLOGY | REPEAT HAND POSITIONING

Advanced Spyne™ Technology is specifically engineered to aid in repeatable hand positioning. Repeatable hand placement leads to greater consistency in squaring the putter face at time of impact during the stroke.

NO TAPER TECHNOLOGY® | EVEN GRIP PRESSURE

Patented No Taper Technology® creates even grip pressure for a more consistent stroke. Parallel design has uniform lower hand profile to minimize grip pressure and maintain putter head path for a more consistent stroke.

TRAXION™ CONTROL | ENHANCED FEEDBACK ZONES

Building on the superior feel and playability of the original SuperStroke putter grip, the new Traxion™ offers an advanced surface texture design for enhanced feedback. The strategically designed Traxion™ zones on the tacky polyurethane outer layer offer an amazing comfortable feel leading to greater overall confidence.

CLAW® PROFILE | MINIMIZE WRIST ACTION

Unique design that incorporates a pistol top hand profile with three flat sides in the bottom hand for increased surface area to facilitate a "claw" style putting grip. The CLAW® helps to create a more vertical locked feeling at address by ailing the upper wrist with the putter while reducing wrist action in the bottom.

S72200 White/Red/Gray Claw 1.0 • .580 Core • 58g

TORSIONAL
PERFORMANCE

SPYNE™ TECHNOLOGY | REPEAT HAND POSITIONING

Advanced Spyne™ Technology is specifically engineered to aid in repeatable hand positioning. Repeatable hand placement leads to greater consistency in squaring the putter face at time of impact during the swing.

TRAXION™ CONTROL | ENHANCED FEEDBACK ZONES

Building on the superior feel and playability of the original SuperStroke CrossComfort, the new Traxion™ offers an advanced surface texture design for enhanced feedback. The strategically designed Traxion™ zones on the tacky polyurethane outer layer offer an amazing feel.

TAPER CONTROL TECHNOLOGY | MINIMIZE GRIP PRESSURE

Taper Control Technology is engineered to create a larger lower hand profile by reducing the taper to minimize grip pressure. Lighter grip pressure increases clubhead speed for greater distance and promotes a square face at impact maximizing swing efficiency.

TORSIONAL PERFORMANCE | EXCEPTIONAL PLAYABILITY

The new TRAXION™ Tour features a tacky polyurethane outer layer with a firm rubber inner layer that is engineered to maximize torsional performance for enhanced feedback and overall control.

Tour Velvet Plus 4

- The most popular grip on Tour is available in a Plus 4 version

Tour Velvet 360

- Offering a consistent look and feel, the 360 is available in a high-profile paint fill

Tour Velvet

- Tour Velvet is the number one choice of Tour players
- Non-slip surface pattern provides enhanced comfort in any weather

Tour Velvet BCT Cord

- BCT soft cords provide traction in all extreme weather conditions

VDR

- VDR compound helps eliminate unwanted vibration to the hands

Tour Velvet Super Tac

- Diamond pattern in upper section allows for added stability and reduced torque

New for 2021

CPx

- The CPx combines Plus4 technology, EXO-3D texture and control core technology to provide comfort and performance

CP2

- CP2 won a Major event faster than any grip Golf Pride has ever introduced
- Inner control core stabilizer reduces torque by 41%
- Reduced taper helps promote even grip pressure in both hands for a more stable swing

SNSR Pro

- A modified pistol, traditional tapered, sculpted grip shape

SNSR Contour

- Evolved version of classic pistol shape that's preferred by over 75% of Tour players

SNSR Straight

- Non-taper design promotes consistent hand pressure and feel

Players Wrap

- Wrap underbelly and smooth top, creates a traditional feel

Tour Tradition

- Smaller paddle front design is preferred by Tour professionals

Pro Only Putter

- The Pro Only putter grip family is designed with multiple shape and size options to allow a closer connection between the golfers hands and the grip

Bubble Grip

- Only grip available to fit bubble shafts

LoudMouth by TourMARK

- Available in the most popular, cutting edge graphics that LoudMouth inventories
- TourMARK putter grips are the only grips in the golf industry to have a ball marker secured in the butt cap ready to use for the golfers convenience
- Ball marker is kept secure with powerful rare-earth magnet installed into the end cap of the grip's rubber underlisting
- TourMARK patents with bold and bright LoudMouth graphics

OnCourse Putter

- Traditional pistol style grip with larger front hand design to promote lighter grip pressure

On Course Black Velvet

- Our most affordable swinging grips

Training

- Available in both mens right handed and left handed styles
- Used to teach proper hand and finger placement for a more consistent and ideal golf grip

Flatso Series

- 1.1" diameter grip utilizes a standard weight underlisting
- At 1.2" diameter the Flatso 2.0 has a lite weight underlisting
- The Flatso 3.0 has a Lite weight underlisting with a 1.4" diameter

FLATSO

XL Plus Series

- Weight NOT included with Plus Series
- A 13.75" overall length accommodates any hand position for putting accuracy
- With Counter-Core Technology, players can quickly and easily back-weight any putter
- The Legacy 2.0 & 3.0 diameters are 1.2" and 1.3" respectively, with a diameter of 1.25" on the Flatso 2.0

Legacy Series

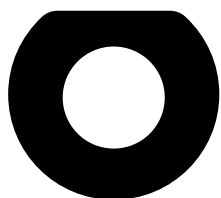

- With a 1" diameter and a standard weight underlisting, the 1.0 has a midsize feel

- 1.2" diameter and lite weight underlisting makes a 2.0 Legacy a popular choice

- The 3.0 Legacy has a 1.3" diameter, lite weight underlisting and is a best seller

- This 1.67" diameter 5.0 SuperStroke was the original super jumbo putter grip

SLIM

SS^{2R}

SS^{2R}

- Square profile design is nothing short of revolutionary

Pistol GTR

- Featuring a classic pistol shape, preferred by golfers, the new Pistol GTR comes in three distinctive sizes
- Pistol GTR Tour has a traditional standard size putter grip feel
- Cross-Traction surface texture and No Taper Technology promotes a smooth, consistent, reliable putting stroke
- The Pistol GTR 1.0 is slightly larger than a traditional midsize pistol putter grip
- Slightly smaller than a traditional jumbo pistol, the Pistol GTR 2.0 is a favorite among Tour players worldwide

GT 1.0 C-C

- GT 1.0's pistol design is slightly larger than a traditional midsize pistol putter grip
- Counter-Core weight system helps engage larger muscle groups producing a reliable, consistent and more stable putting stroke

Slim C-C

Limited supplies on this page, order now while they last

- 50g weight included with Slim series Counter-Core style putter grips

- A size requested by PGA Tour Pro's, the MidSlim 2.0 is available with Counter-Core Technology

- Slim 3.0, one of the most popular models on the PGA Tour, is available with Counter-Core Technology

- The Fatso 5.0 is the largest SuperStroke putter grip and is available with Counter-Core Technology

Tape and Activator

85179
3/4" x 36 yard Roll
of Grip Tape

- Industry standard 591 dual-sided grip tape works great on both graphite and steel shafts
- Available in various styles and sizes to meet your club making needs
- Can be used with HF-100 activator or solvent

85585
2" x 12' Roll
of Grip Tape

85178
2" x 36 yard Roll
of Grip Tape

87177
2" x 9" Grip Tape Strips
PKG. of 15

87180G
1-Gallon HF-100 Tape Activator
• Excellent for refilling 8 oz. or 32 oz. tape activator spray bottles

85573
Regrip Kit
• Includes enough tape and HF-100 activator to regrip 15 clubs (a best seller)

87180Q
1-Quart HF-100 Tape Activator
• Perfect for larger jobs eliminating the hassle of continuous refilling

ASN
Activator Bottle Sprayer
• Attaches to 32oz bottle and limits excessive activator use

87180
8oz. HF-100 Tape Activator
• This orderless solution is great for regripping clubs when a mess could be a problem

Epoxies and Building Supplies

85182

**.85 oz. PRO-FIX 5 & 10
Rapid Cure Epoxy**

- With the strength and toughness of a 24 hour epoxy this self dispensing unit sets in 5 mins. and plays in 20 mins.

85186

**1.5 oz. PRO-FIX 5 & 10
Rapid Cure Epoxy**

- Replacement cartridge for syringe style gun with a 5 min. work life and ready to play in 20 mins.

85188

**20oz. 5 & 10 Cartridge
Rapid Cure Epoxy**

- Replacement cartridge, rapid setting epoxy for larger jobs and keeps mess to a minimum

Brampton

TECHNOLOGY LTD.

*All Brampton products come
with step by step instructions*

RSTOP

Rattle Stop 4 oz. bottle

- Sticky compound used to coat inside of metal heads to eliminate annoying rattles and noise

85183

**2 x 2oz. Bottles PRO-FIX 5 & 15
Quick Cure 2 Part Epoxy**

- A toughened impact resistant two part epoxy with a gel time of 5-8 mins. and ready to play in 30 mins.

85185

**2 x 8oz. Bottles PRO-FIX 20/20
Standard Set 2 Part Epoxy**

- Provides high impact resistance and shear strength with a 20-30 minute work life and a 20 hour cure

85187

**20oz. 20/20 Cartridge
Standard Set Epoxy**

- Replacement cartridge, high impact, standard set epoxy for large jobs and keeps mess to a minimum

Building Supplies

ADAPTOR

Needle Adaptor

- Long lasting quick change adaptor screws into pressurized grip remover

BLADE

Hook Blades

(Pkg of 5)

- Perfect for removing old grips without scaring shafts

HOSEL

Iron Hosel Wire Brush

- Installs into drill chuck to quickly clean and prepare iron hosels for reassembly

RN4 4pk of Needles

RN12 12pk of Needles

Replacement Needle

(needle adaptor required)

- Twists into quick change needle adaptor to reduce overall expense of replacement needles

85184

Vise Clamp

- Removable vise clamp is a must have for regripping or reshaping any club

85620

Steel Shaft Pin

- Designed to finish graphite or steel shafts on bore-thru clubs
- To secure shaft pins apply epoxy to the pin and insert in shaft tip

85621

Graphite Shaft Pin

SHIM

Brass Shims

(Pkg of 4)

- Universal brass shims centers in hosel
- Adapts from .335-.350, .335-.370 & .355-.370

PLUG

Wood Hosel Seat

(Pkg of 20)

- Replaces manufacturer's missing seat to prevent epoxy from entering clubhead, avoiding rattles

85624

Universal Extension

(Pkg of 4)

- Will work on almost any graphite shaft
- Inserts at .525" and expands up to .560" if necessary
- Graphite extensions can add up to 3" of additional length

88939 .580 Dual Sided Steel Shaft Extension

90267 .600 Dual Sided Steel Shaft Extension

90268 .620 Dual Sided Steel Shaft Extension

- Steel extension is 12" long, has 6" of overall workable length and can be used twice per unit
- Steel and graphite shaft extensions are utilized to extend the overall playing length of pre assembled clubs without the excessive cost of reshaping a club or an entire set.

85622 Regular Graphite Shaft Extension +

85623 Oversize Graphite Shaft Extension ++

- + fits most standard weight graphite shafts
- ++ fits most ultralight graphite shafts

- Graphite extensions can add up to 3" of additional length

Package Includes:

- 460 cc hyper-ti driver with head cover
- Driver has extra thin crown which helps lower the center of gravity which gives optimal ball flight and forgiveness
- 3 wood—Premium cast with high MOI design + headcover
- 4 & 5 Hybrids—Premium cast with high MOI design + headcovers
- Oversized stainless-steel irons 6-SW
- Mallet style, non-glare putter
- Beautiful vintage style headcovers
